## **NEW** **USA Pressed Shake V-Trim Cap**

We have just finished commissioning a new Shake V-Trim Cap, die tool for our USA production needs. This part is virtually identical to the existing Shake V-Trim Cap but without the pre-punched holes on the sides. Due to this difference we elected to assign this trim cap a new part number as shown below.

These V-Trim Caps are in production now and will be available on your next V-Trim Cap orders.
